A large number of North Caroliniane re-siding in New York, accompanied by friends from Virginia, South Carolina and Georgia, also residing here, paid a visit yesterday afternoon to Major Holmes at Governor's Island, which post has been under his cem-mand for the last two years, for the purpose of manifesting their respect and cerdial approval of his course in resigning his late-position. In the army of the Ented States of manifesting their respect and cordial approval of his course in resigning his late position in the army of the United Slates. The meeting was an exceedingly pleasant and affecting one, displaying much warmth of feeling and emotions which do honor to all mankind. On the arrival of the party at the Island, the Major was eloquently and appropriately addressed by John Potts Brown, Esq., to which he responded in a very affecting manner, giving his reasons in detail for taking the important slep to which we have just alluded.

Whis referring to the crusis of affaire impelling him to resign, he remarked in the most patriotio and feeling manner that, during hie thirty-one years of service, he was not aware of even assupicion of derelio tion of duty against him, and that as long as he could with honesty and wholeness of purpose serve the government, he faithfully discharged his duty but now, that he was called upon to instruct men in the art of war, and perfect them in the circumstance.
